AT GEOBRIX

We operate under one contract with the project owner to complete both design and build steps of a construction project.

We build high-quality homes, complete minor to full renovations in New Jersey and have over 30 years of experience with the latest engineering methods and up-to-date trends.

SERVICES

Design

We meet with you and go over your needs, budget and ideas. After our free consultation, we put a creative design together and present it to you. Our scope of work has no limits

Plan

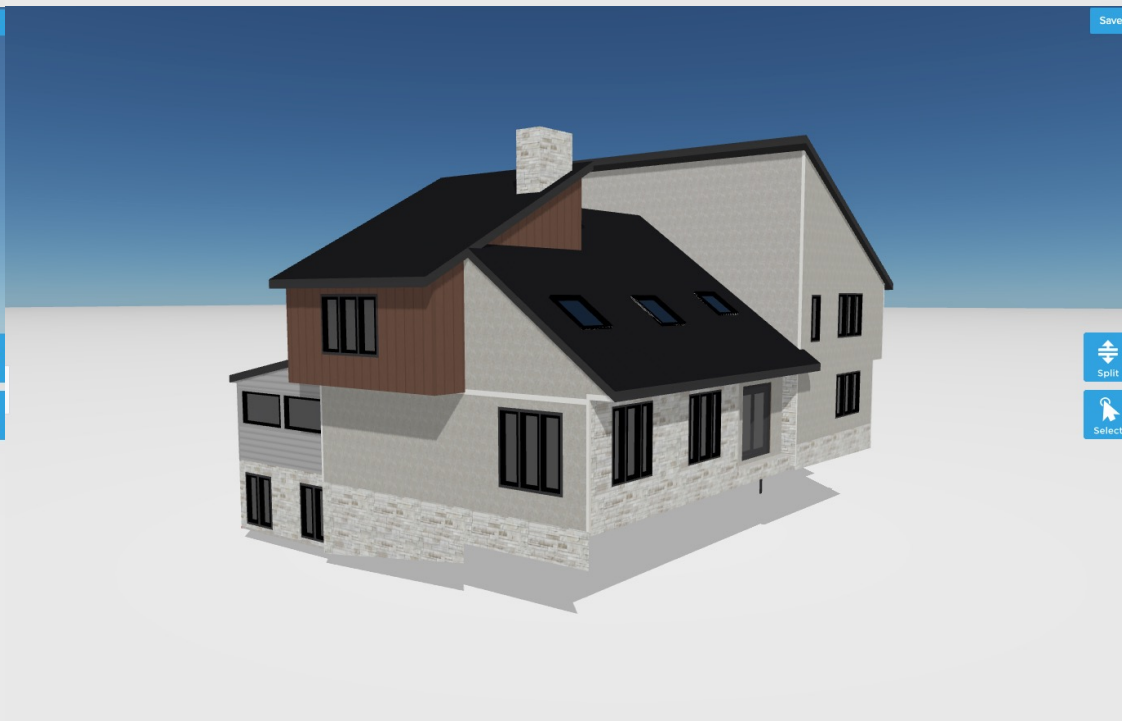

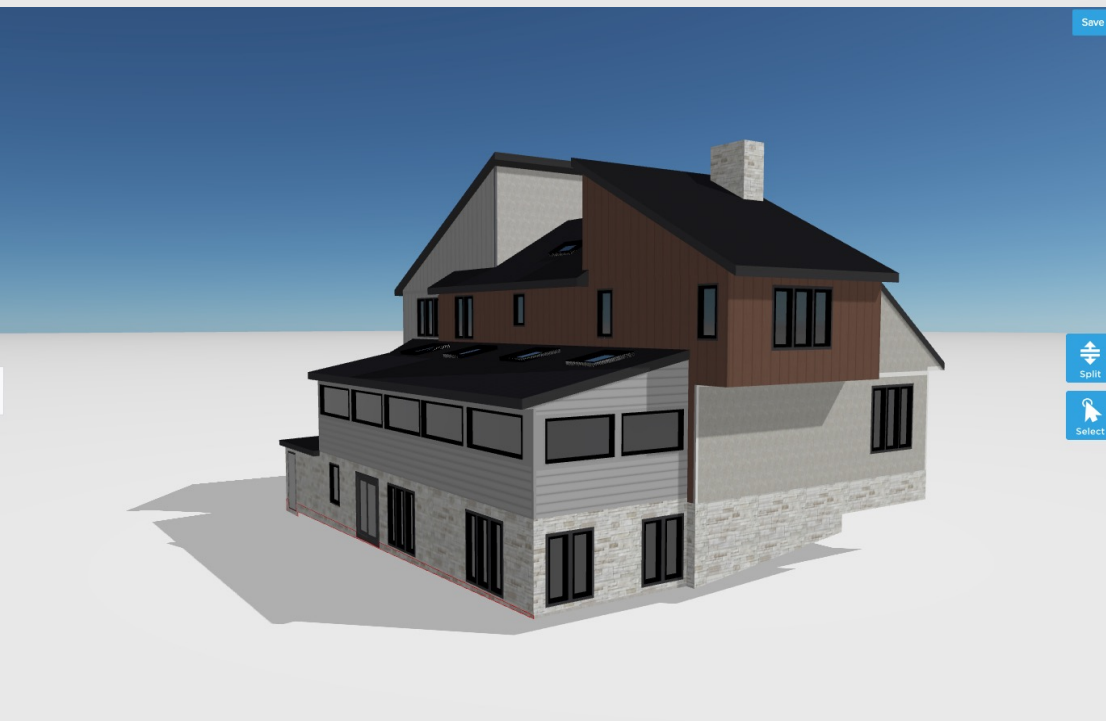

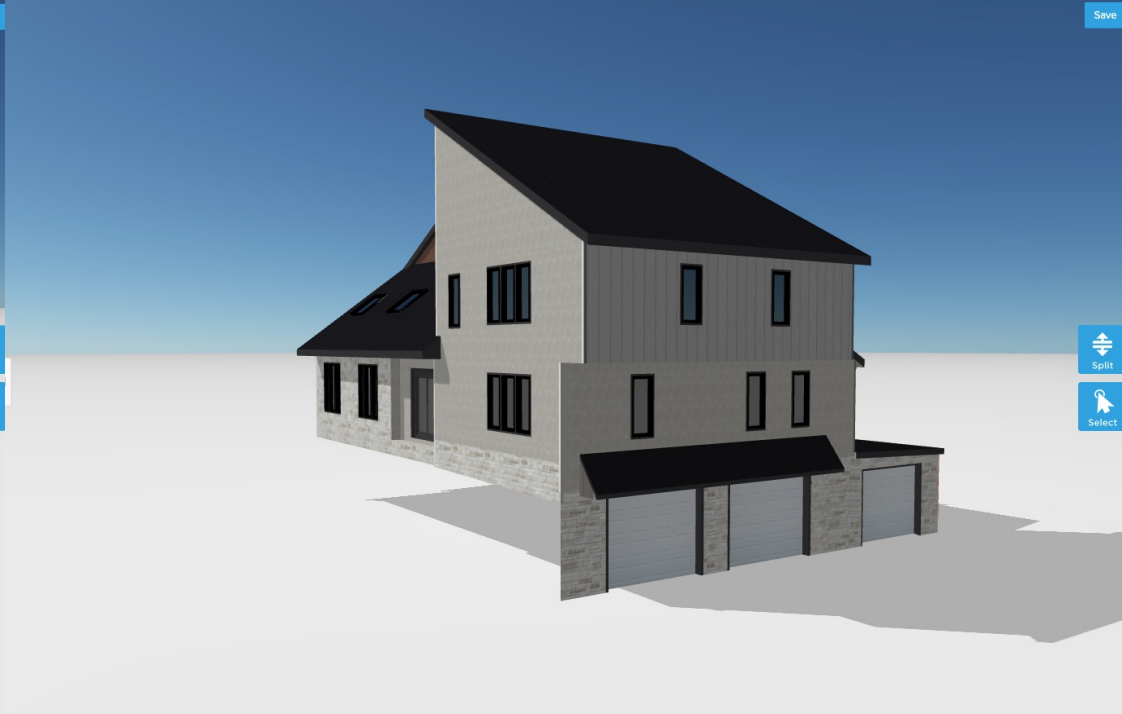

Your custom design needs a plan, we put that plan together with a total project cost and timeline. Then we work with you to ensure the projects fits in your budget.

Execute

After agreeing to the design and plan, we execute every aspect of your custom project from town approvals to cleaning after completion.
